Further, upon information and belief, it is admitted that defendant Tyler Technologies, Inc. marketed and implemented the software system known as "Odyssey." However, it is expressly denied that this Defendant created, marketed or implemented a software platform known as Odyssey. 44. This Defendant expressly denies that it promoted to the County the purchase and implementation of the Odyssey Case Management System and denies that this Defendant claimed that the Odyssey Case Management System would provide a fully integrated court and justice solution with up to date information. The County made a decision to contract with Tyler Technologies, Inc. for Tyler's Odyssey Case Management System in July, 2013, which was long before the County even sought the services of this Defendant, as evidenced by the fact that this Defendant's contract with the County was entered into on May 4, 2014. The decisions by the County to obtain the Odyssey Case Management System and to obtain the software platforms from GlobalTel\*Link and Software AG U.S.A. were all made approximately nine (9) months before the County decided to contract with this Defendant for its services. Thus, by the time this Defendant entered into its contract with Shelby County for its services, Shelby County had already purchased the software and services provided by the other defendants and this defendant had no input into the County's decisions as to what software programs and services to

Defendant is without sufficient information or knowledge to

admit or deny the remaining allegations of Paragraph 49 of Plaintiffs' Complaint. Said allegations are therefore denied.

50. This Defendant denies the allegations to the extent they are directed at this Defendant. As stated in paragraphs 44 and 49 above, Shelby County had already determined to use Tyler Technologies, Inc.'s Odyssey Case Management System before the County had discussions with and entered into a contract with this Defendant. Shelby County was its own general contractor and determined through its own committee(s) and personnel what software platforms and services it wanted to utilize in creating its own new criminal justice computer system. Shelby County then contracted with the vendors the County chose to utilize - Tyler Technologies, Inc., GlobalTel\*Link, Software AG U.S.A., and New Dawn Technologies. Nine months later the County contracted with this Defendant to provide certain services with regard to the implementation of an "information hub" for the County's new criminal justice information system, which services are set forth in the contract between this Defendant and Shelby County. Defendant is without sufficient information or knowledge to admit or deny the remaining allegations of Paragraph 50 of Plaintiffs' Complaint and said allegations are therefore denied.

Upon information and belief Defendant asserts that the contract between Shelby County and Tyler Technologies Inc. speaks for itself and any statements to the contrary are denied.

55. Defendant is without sufficient information or knowledge to admit or deny the allegations of Paragraph 55 of Plaintiffs' Complaint. Said allegations are therefore denied.

56. Defendant asserts that the contract between Shelby County and Tyler Technologies Inc. speaks for itself and any statements to the contrary are herein denied. To the extent the allegations are addressed to this defendant, said allegations are denied.

57. The contract between Shelby County and Tyler Technologies Inc. speaks for itself and any allegations to the contrary are denied. To the extent these allegations affect the rights of this defendant, said allegations are denied.

58. Upon information and belief, Tyler Technologies provided Odyssey training pursuant to its contract with Shelby County. Defendant is without sufficient information or knowledge to admit or deny the remaining allegations of Paragraph 58 of Plaintiffs' Complaint, and such allegations are therefore denied.

59. Defendant is without sufficient information or knowledge to admit or deny the allegations of Paragraph 59 of Plaintiffs' Complaint, and such allegations are therefore denied.

60. This Defendant denies the allegations of paragraph 60 of Plaintiffs' Complaint to the extent that such allegations are directed to this Defendant. Defendant further alleges that its contract with Shelby County and all the change orders made to that contract are set forth in writing and such contract and each change order speaks for itself and any statements to the contrary are denied.

65. It is admitted that in its twelfth Affirmative Defense, Defendant Tyler Tech asserted in conclusory terms only allegations of comparative fault of this defendant without stating any actual comparative fault, negligence, acts or omissions of this defendant. It is denied that this defendant is liable to the plaintiffs in any way. Defendant is without sufficient information or knowledge to admit or deny the remaining allegations of Paragraph 65 of Plaintiffs' Complaint.

66. It is admitted this defendant entered into a contract with Shelby County to provide the services stated therein. The contract sets out the scope of work and any allegations to the contrary are denied. It is specifically denied that this defendant "undertook the same or substantially similar duties to plaintiffs as those undertaken by defendant Tyler Tech." Said allegations are without basis. Defendant is without sufficient information or knowledge to admit or deny the remaining allegations of Paragraph 66 of Plaintiffs' Complaint. Said allegations are therefore denied.

67. Upon information and belief this defendant admits GTL entered into a contract with Shelby County to provide computer software and related services. The contract speaks for itself and any allegations to the contrary are denied. The contract contains provisions setting out the scope of work of this defendant, which provisions are herein referred to as if set forth verbatim. The remaining allegations of Paragraph 69 of Plaintiffs' Complaint are denied. Further, this defendant alleges that under its contract with the County, this defendant had

no duty to train County employees and that the County had responsibility for training its employees in the County's operation and utilization of the "information hub".

70. It is admitted that some of Sierra-Cedar, Inc.'s team members who provided services under Sierra-Cedar, Inc.'s contract with Shelby County were employees of Sierra Systems Group, Inc., including services related to implementation of the "information hub". Further, Defendant alleges that its contract obligations did not include an obligation to train County employees, but rather the County had responsibility for training its employees in the operation of the "information hub". Defendant denies the remaining allegations of Paragraph 70 of the Plaintiffs' Complaint.

71. Defendant is without sufficient information or knowledge to admit or deny the allegations of Paragraph 71 of Plaintiffs' Complaint, and therefore such allegations are denied.

169. Defendant incorporates its responses in the preceding paragraphs as if set forth herein verbatim.

170. Denied. Defendant further alleges that the only duty owed by Sierra Systems Group, Inc. in this matter was the duty it owed to co-defendants Sierra-Cedar, Inc. and Shelby County to provide the services called for in the contract entered into between Sierra-Cedar, Inc. and Shelby County, and the Plaintiffs are neither parties to, nor third party beneficiaries of that contract.

171. Denied.

172. Denied.

173. Defendant incorporates its responses in the preceding paragraphs as if set forth herein verbatim.

174. The allegations in Paragraph 174 of Plaintiffs' Complaint constitute citations and a quotation to the United States Code which speaks for itself. As such no response is necessary.

175. Denied as to this defendant.

182. Denied as to this defendant.

183. Denied as to this defendant.

184. Denied as to this defendant.

185. Denied as to this defendant. Defendant denies that Plaintiffs are entitled to the relief sought or any relief whatsoever.

186. Any allegations not heretofore admitted, denied or explained are hereby denied as if set forth verbatim.

187. Due to its recent addition to this case as a defendant, this defendant reserves the right to amend its answer pursuant to the Federal Rules of Civil Procedure.

#### ADDITIONAL DEFENSES

188. Plaintiffs' Complaint fails to state facts upon which relief can be granted against this defendant and accordingly, should be dismissed pursuant to Rule 12(b)(6) of the Federal Rules of Civil Procedure.

189. Defendant denies that it owed a legal duty to Plaintiffs, that it breached any duty to Plaintiffs, and that any acts or lack of action on this Defendant's part caused any injury to Plaintiffs.

190. It is denied that this cause of action is suitable for class action certification pursuant to the requirements of Rule 23 of the Federal Rules of Civil Procedure and applicable case law, for numerous reasons, including but not limited to the following:

(a) First, Plaintiffs have not shown and cannot show that the class is so numerous that joinder of all members is impracticable.

(b) Secondly, the proposed class definition is not sufficiently definite to be administratively feasible, as the class members are not ascertainable by reference to objective criteria. The court would not be able to determine whether a particular individual is a member of the proposed class without extensive and individualized fact –finding. Accordingly, this purported class action is not appropriate for class certification based on the requirements of Rule 23 and applicable case law.

(c) Thirdly, the individual fact-specific questions affecting the individual claims of the plaintiffs and the putative class members, both as to liability and monetary damages sought, predominate over any common class-wide questions of law or fact. There is a lack of commonality and a lack of typicality of claims and/or issues of the plaintiffs and putative class members, on the one hand, and the multiple defendants on the other hand, as the defendants' roles and duties in this matter are all distinct, different, disparate, and individually fact-driven. Defendant would further show that the commonality and typicality factors that are alleged by Plaintiffs in the Fifth Amended Complaint do not include any common question of fact or law pertaining to the claims asserted against this particular defendant. Accordingly, the Plaintiffs' claims against this defendant do

not satisfy the commonality and typicality requirements of Rule 23, and this action is not appropriate for class certification based on the requirements of Rule 23 and applicable case law.

(d) Fourthly, Defendant asserts that there is a lack of adequacy of representation by the named plaintiffs, as required by Rule 23.

(e) Fifthly, Defendant asserts that a class action would not be superior to other available methods for fairly and efficiently adjudicating the controversy, as required by Rule 23. Presumably the Plaintiffs would seek to bifurcate the issues of liability and damages, but even if the lawsuit were certified as a class action and the issues of liability and damages were bifurcated, Defendant's right to have a jury hear and determine the facts of the claims asserted against it, as guaranteed by the Seventh Amendment to the U.S. Constitution, would make management of the case problematic from a logistical and practical standpoint, as there would be unavoidable overlap of fact issues in the two trials, which would result in a second jury's re-examination of issues of fact determined by the first jury, which is impermissible under the Seventh Amendment.

191. Defendant adopts by reference all Affirmative Defenses pled by all other defendants as if same were set out herein verbatim.

192. Defendant pleads all applicable statutes of limitations and/or repose, including but not limited to Tenn. Code Ann. 28-3-104.

193. Defendant adopts and incorporates herein its contract with Shelby County as if fully set forth verbatim and relies on the terms, conditions, exclusions, modifications and limitations of said contract.

194. Injunctive relief is inappropriate in that Plaintiffs have not alleged any real or immediate future harm. Furthermore, Plaintiffs Complaint does not seek any injunctive relief against this defendant and therefore class certification under Rule 23(b)(2) is not available as to this this defendant.

195. Plaintiffs have failed to properly mitigate their damages, if any.

196. Plaintiffs have not sustained any damages that were caused by the acts and/or omissions of this defendant and therefore can state no claim for damages against this defendant herein.

197. This defendant adopts and asserts the doctrine of comparative fault and alleges that any liability that might otherwise be imposed upon Defendant is subject to reduction by the application of the doctrine of comparative fault pursuant to Tennessee case law and Tenn. Code Ann. 29-11-107, which statute Defendant hereby incorporates by reference as if stated herein verbatim. In accordance therewith, Defendant further alleges as follows:

(a) Plaintiffs have alleged that various persons and entities other than Defendant are at fault for Plaintiffs' alleged injuries. In light of these allegations, while Defendant expressly denies any fault and denies any liability to Plaintiffs, Defendant is constrained to plead, alternatively, that if the Plaintiffs' allegations are proven to be true against any of the other defendants, and/or if the Plaintiffs or any non-parties are found to be at fault and such fault proximately caused injury to the Plaintiffs, or any of the Plaintiffs, then the doctrine of comparative fault applies to such fault of the other parties and non-parties. Pursuant to Tennessee law, such fault must be apportioned between or among plaintiffs and any other

persons or entities to the extent that their fault, if any, proximately caused or contributed to any alleged injuries proven by the Plaintiffs.

(b) Defendant alleges that some of the services provided under Defendant's contract with Shelby County were provided by employees of a Canadian corporation known as Sierra Systems Group Inc., which has since merged with another company and is still, on information and belief, known as Sierra Systems Group Inc. While Defendant asserts that all services called for under its contract with Shelby County were performed in accordance with the contract terms and in accordance with the standard of care for business entities providing similar services, Defendant alleges in the alternative, that if it is established that any services provided under Defendant's contract with Shelby County that were provided by employees of Sierra Systems Group Inc. were not in compliance with the standard of care for business entities providing similar services and that such services proximately caused injury to Plaintiffs, which is denied, then whatever fault may be found on the part of Sierra Systems Group Inc. must be included in the apportionment of fault in this case in accordance with comparative fault principles of Tennessee law.

198. The damages alleged by Plaintiffs, if any, were not caused by any alleged negligence of Defendant, but are the result of intervening and/or supervening causes and the actions of third parties.

199. Plaintiffs' have no basis for an award of attorney fees from this defendant, as the only claim asserted against this defendant is common law negligence, for which there is no basis for an award of attorney fees.

200. Inasmuch as the Complaint does not describe the alleged underlying claims with sufficient particularity to enable Defendant to determine all of its legal, contractual and equitable rights, Defendant reserves the right to amend and/or supplement its Answer to assert any and all applicable defenses ascertained through further investigation and discovery.

WHEREFORE, PREMISES CONSIDERED, Defendant prays that this action be dismissed with prejudice and that Defendant be awarded its attorney fees, its costs and expenses pursuant to Rule 54, and such other and further relief as is appropriate in the premises.

JURY DEMAND

Defendant respectfully demands a trial by jury herein.
